

Basic steps for participating in the Austrian power market

1) Registration at APCS:

Registration of a balance group at the Austrian balance group coordinator (APCS Power Clearing and Settlement) ->Please find details for the registration under www.apcs.at, or contact the team at APCS office@apcs.at. In case of any questions APCS will assist you with the registration process.

2) Data Sheet from APCS to APG:

APCS will provide Austrian Power Grid AG with your basic data.

3) Registration at APG:

The requirements for registration at APG are:

- a data-test (for sending external schedules) and
contact: UBH – team scheduling
phone: + 43 (0) 50320 53220 and

- a contract for data transmission

contact: UBM – Ms. Irmgard Pretzner phone: + 43 (0) 50320 56396

4) Green Card:

After all necessary requirements are fulfilled a “Green Card” is issued by APCS. The Green Card and the signed data transmission contracts from APG are necessary to request an official authorization from the national Regulator (E-Control Austria – www.e-control.at) .

The authorisation entitles to represent the Balance Group as a Balance Group Responsible in the Control Area of Austria (resp. the Control Area of APG).

If you have any further question don't hesitate to contact us.
